Table 3: OBIF FY14 Priorities

1. Initiate and finalize septic system vendor selection for use by local governments. This IFB is the second three-year procurement initiated by MDE.
2. In coordination with the MDE WIP management team, MDP, and the BRF Advisory Committee, develop a priority list of 10 to 15 minor WWTPs for ENR upgrades. Work with those local governments to initiate ENR planning and design, with the goal of having at least 5 of these minor WWTPs upgraded by 2017.
3. Publish and implement BRF WWTP & Septic Program implementation regulations.
4. Issue BRF revenue bonds by June 30, 2014, contingent on the cash flow needs of the ENR Program.
5. Work with administrations to identify resources for the highest priorities, and to the extent possible, to minimize the impacts of sequestration on MDE employees
