

MARYLAND GREEN REGISTRY

EASTON UTILITIES COMMISSION

SUSTAINABILITY LEADERSHIP AWARD WINNER

2022

Easton Utilities manages the electric, water, wastewater, natural gas, cable television and internet utility services for the Town of Easton and portions of the surrounding area.

Environmental Achievements:

- Installed a 2-megawatt photovoltaic solar array, which produces more than 100% of the energy needed for its wastewater treatment facility.
- Replaced streetlights and traffic lights with LED bulbs reducing electric consumption more than 1.8 million kilowatt hours annually, a 30% reduction.
- Removes up to 95% of pollutants through wastewater treatment system and sells the resulting biosolids to local farmers as fertilizer.
- Engages employees in invasive species removal, streambank restoration and habitat creation for bees, butterflies, and the threatened Black Rail.
