

MARYLAND GREEN REGISTRY

MARYLAND DEPARTMENT OF HEALTH

STATE AGENCY ENERGY AWARD WINNER

2021

The Maryland Department of Health promotes the health and safety of all Marylanders and operates numerous hospitals, health care, and other related facilities throughout the state. The agency is actively participating in Governor Hogan's initiative to reduce energy consumption at state facilities.

Energy Achievements:

- Completed 10 Energy Performance Contract projects resulting in annual energy use reductions of 316,754 MMBTU and an annual reduction of 20,806 tons of CO₂.
- Installed an EV charging system at Eastern Shore Hospital Center.
- Installed a green roof at LEED Silver certified Maryland Public Health Laboratory.
