Meeting Discussions TBD	<ol style="list-style-type: none"> 1) Introduction of MDE Secretary Serena McLLwain 2) Unit Production Quarterly Updates: Ruth Ann Norton asked that Departments that have issues of unit production and dollars provide quarterly updates to include: funds available, who the funds are available to, and the units done to date. For example, Maryland Department of Housing and Community Development (DHCD): mapping that would be able to be crosswalked against where we have children under six, where we have lead levels being reported, and where we have dollars going against that and age of housing. This will also be a mapping of who has lead resources across the state, whether it's Baltimore County, Baltimore City, or others. GHHI volunteered to compile a resource mapping of what programs also support both lead, hazard control, source control, and water. Additionally, a tracking of equity and where dollars are going, who they're going to and how the agency is moving in that direction. 3) Lead and Water Quarterly Update: Ruth Ann Norton suggested that a quarterly update for lead and water be added to the calendar in order to regularly get the current status and updates on new opportunities to support lead, hazard control, and lead source exposure through other programs. 4) Statewide Community Efforts: Ruth Ann Norton suggested that there be a quarterly update to highlight good community efforts across the state that are happening or highlighting of a nurse or case manager or community organization. 5) Commission Meeting with MHIC: to discuss efforts to get pre-1798 property contractors lead trained.
