Mound Sand Supplier List

The companies listed below have reported to MDE that they provide sand that meets either the primary or alternative sand mound specification found in COMAR 26.04.05. This list was prepared by MDE from information known and available at the time of preparation. MDE makes no claim as to its completeness or to the quality of work performed. Inclusion on this list is not to be considered an endorsement by the state of Maryland. MDE recommends that the consumer obtain prices and review company references before entering into agreements with any contractors or service providers.

For a list of sand sieve analysis results received by MDE within the past 45 days, please visit the following link:
